What is a Privacy Notice?

The purpose of a Privacy Notice is to explain how your personal information may be used. It details why we collect information and who we may share it with.

Who are we?

We, **All Saints C. of E. (Aided) Infant School** are a Data Controller for the purposes of the Data Protection Act 1998. We collect information from you and may receive information about you from your previous school and the Learning Records Service.

Why is information collected?

- Support teaching and learning;
- Monitor and report on progress;
- Provide appropriate pastoral care,
- Give the best possible service,
- Safeguard Children and Young People from harm,
- Assess how well schools are doing.

What information is collected?

Information that may be collected includes contact details, national curriculum assessment results, attendance information¹ and personal characteristics such as ethnic group, special educational needs and any relevant medical information. If you are enrolling for post 14 qualifications we will be provided with your unique learner number by the Learning Records Service and may also obtain from them details of any learning or qualifications you have undertaken.

Who may my information be shared with?

We will not give information about you to anyone outside the school without your consent unless the law and our rules allow us to.

We are required by law to pass some of your information to Nottinghamshire County Council and the Department for Education (DfE).

Nottinghamshire County Council and the DfE uses information about children for whom it provides services, to enable it to carry out specific functions for which it is responsible. These functions may include the assessment of any special educational needs a child may have, assessment for free school meals eligibility, support the process of admissions to schools and provide information for children, young people and family support services. The Council also uses the information to derive statistics to inform decisions on (for example) the funding of schools, and to assess the performance of schools and set targets for them. The statistics are used in such a way that individual children cannot be identified from them.
